

Oval pneumatic nozzles 200/100 mm - 4" hose connector

With hand pump
With 4" hose connector

Single and double exhaust pipes on
private cars and commercial vehicles

The oval nozzle can be activated by hand pump at ½ bar pressure. The hand pump is supplied with a release valve for deactivation of the nozzle.

The nozzle is ideal for exhaust gas extraction from car repair shops, vehicle inspection garages and fire stations etc. The nozzle can be used for single and double exhaust pipes.

The most common sizes are 150/80 mm and 200/100 mm but other diameters are available upon request.

Your company name and logo can be stamped into the nozzle.

45° bend hose connector

200/100 1 side

Straight hose connector

200/100 2 sides

PRODUCT NO.	NOZZLE SIZE (MM)	NOZZLE EXPANSION	HOSE CONNECTOR	EXHAUST PIPE SIZE	WEIGHT (GRAM)	MAX. TEMPERATURE
